| <div>1.Data is based on announced or engineering development simulation values, which may be affected by weather, road condition, battery SOC, load, tire and other test factors, and is used for reference only.</div> <div>2.Discharging plug can be purchased at AVATR App Vehicle Accessory Shop.</div> <div>3.The electric charging port lid will be available for AVATR exclusive charging pile.</div> <div>4.Now it is only available for the mobile phones with 50W charging protocol, with a wireless charging power up to 50W.</div> <div>5.The fragrance bottle needs to be purchased separately at an additional cost.</div> <div>6.Intelligent driving assistance function will be provided through subsequent OTA.</div> <div>7.Intelligent driving assistance system is an assisted driving feature, which cannot replace the driver to control the vehicle. The driver must always maintain necessary attention, continuously monitor the vehicle and the surrounding traffic, and intervene promptly based on the environment. The driver remains responsible for safe driving and is accountable for the vehicle's behavior during operation. Please carefully read all sections about this function in the Owner's Manual to understand the restrictions on the use of this function. The driver should be aware of these restrictions before using this function. In complex and variable traffic conditions, on icy/wet/slippery/flooded or muddy road, in case of poor visibility, on zigzag mountain road or at highway entrance or exit, please use this function with caution.</div> <div>8.Navigation Cruising Assist cannot cover all of roads.</div> <div>9.ADS advanced feature package needs to be purchased separately.</div> <div>10.High-speed ETC passage is supported. Currently, it is only available at selected high-speed ETC toll stations, with more to be added in the future.</div> |                                                                                                                                                                           |                                  |                                  |
